

inTouch™ Patient Web Portal

You may have noticed your healthcare provider entering your information into a computer or tablet today. That's because your physician's practice has elected to use InSync® as its new electronic medical records (EMR) solution, allowing the practice to securely access your medical history with the click of a mouse.

LOGIN

One of the highlights of the InSync® solution is its inclusion of an online Patient Portal feature, inTouch™, which allows the practice and patient to securely communicate electronically with one another. The Patient Portal is an easy-to-use tool for patients to view current medications and visit history, as well as communicate with the practice.

When you register yourself with the practice as a patient, you will receive an e-mail from the practice with a secure URL, username, and temporary password. Click the URL to open into your Web browser.

Enter log-in information, including date of birth (DOB) and home zip code, and click the "Login" button to access the Portal.

Similarly, your representatives can also communicate with the practice electronically once the practice configures your representative's details in the system. A printed document with login credentials is handed over to the representative. With the help of login credentials, your representative can log in to the portal and start electronic communication with the practice users. Upon logging in, the representative's name will display in the top right corner along with the patient's name. Clinical Summary Action Log button on the Dashboard provides you logs of view, download, and transmit actions.

inTouch™ Dashboard

Upon log-in, you will see the following displayed on the Patient Portal Dashboard: My Health Dashboard, My Profile, My Messages, Patient Education, and Document Request.

- Enter the details to send to the practice user, select the check box and click the “Send” button.
- Click “Send & Go to Health Dashboard” to navigate to the My Health Dashboard screen.

Patient Profile

Patients can view their Patient Information page, which includes demographic, contact, and billing details, by clicking on the “My Profile” icon at the top of the screen. Click “Print” to print the displayed information.

Communicating With the Practice

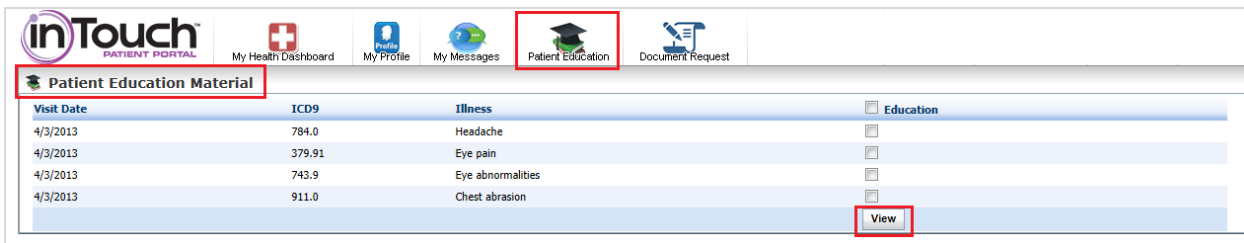

Patients can communicate with the practice electronically through the Patient Portal. Messages can be read and composed in the My Messages page, which can be accessed by clicking the “My Messages” icon at the top of the screen.

To view incoming messages, click the “Inbox” link on the left side of the screen. To view messages that you have previously sent to the practice, click “Sent Messages.”

To send a message to the practice:

1. Click “Compose new message.”
2. Select the staff member to receive the message by using the “To” drop-down list.
3. Select the Priority Level of the message using the drop-down list.
4. Enter the Subject of the e-mail.
5. Type the message into the “Details” field.
6. Click “Send” to send the message.

Viewing Patient Education Materials

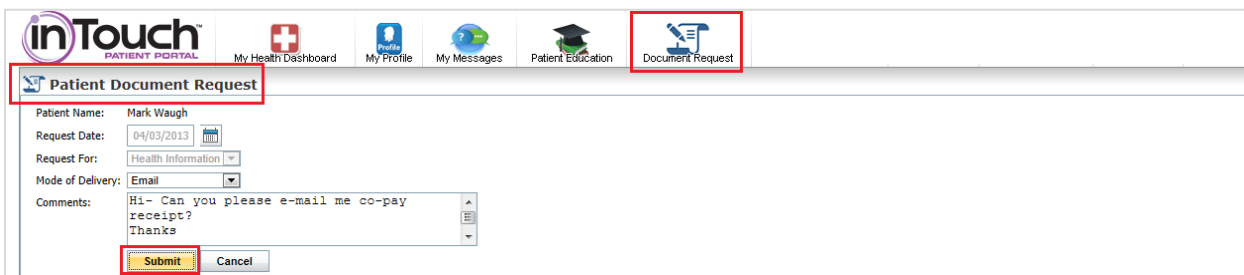

The screenshot shows the inTouch Patient Portal interface. The top navigation bar includes icons for My Health Dashboard, My Profile, My Messages, Patient Education, and Document Request. The Patient Education icon is highlighted with a red box. Below the navigation bar, the Patient Education Material section is displayed. It features a table with columns for Visit Date, ICD9, Illness, and Education. The Education column has checkboxes for each row. A 'View' button is located at the bottom right of the table, also highlighted with a red box.

Visit Date	ICD9	Illness	Education
4/3/2013	784.0	Headache	<input type="checkbox"/>
4/3/2013	379.91	Eye pain	<input type="checkbox"/>
4/3/2013	743.9	Eye abnormalities	<input type="checkbox"/>
4/3/2013	911.0	Chest abrasion	<input type="checkbox"/>

Patients can view educational materials for existing conditions by clicking on the “Patient Education” icon at the top of the screen. To view materials for a specific illness, click the checkbox in the column to the right of the Illness and click “View.” To view materials for all recorded illnesses, first click the checkbox next to “Education” at the top of the column; then click “View.”

Submitting a Document Request

Patients can submit document requests to the practice using secure messaging. To send a document request, click the “Document Request” icon on the top menu bar.

The screenshot shows the inTouch Patient Portal interface. The top navigation bar includes icons for My Health Dashboard, My Profile, My Messages, Patient Education, and Document Request. The Document Request icon is highlighted with a red box. Below the navigation bar, the Patient Document Request form is displayed. The form includes fields for Patient Name (Mark Waugh), Request Date (04/03/2013), Request For (Health Information), and Mode of Delivery (Email). The Comments field contains the text: "Hi- Can you please e-mail me co-pay receipt? Thanks". The Submit and Cancel buttons are highlighted with red boxes.

This will open the Patient Document Request screen. The Patient Name and Request Date will prepopulate.

To finish sending a document request:

1. Select the Mode of Delivery for the requested document (e.g., fax, e-mail, or print).
2. Type a message into the Comments field, if desired.
3. Click “Submit” to send the document request.
